

Summer 2025 wholesale catalogue

## Emily Palmer Illustration

Hey there! My name is Emily Palmer, I am an illustrator from Cambridgeshire, UK and I've been designing and producing illustrated home and paper goods since early this year.

My entire collection of illustrations have been an outcome of three years of having a passion to digitally draw. Over the past two months, my business has boomed with selling on Etsy, growing a larger social media presence and attending markets.

I create illustrated home and paper goods that are inspired to bring people happiness, which is one passion I wanted to keep strong throughout my entire product range.

My process includes sketching on my iPad on Procreate and then adding details from there. From here, I transform some designs into stylish greetings cards or leave them as prints. I print all of my goods myself in-house so I really do get to see start to finish!

It's my goal to be able to make a difference in everyday life. Whether that be someone receiving one of my greetings cards which puts a smile on their face or unleashing someone's sense of creativity when flicking through my prints in a local shop. I would love for my illustrations to bring positivity and energy to every person who sees them.

I hope you find this seasons catalogue inspiring, and you discover some perfect pieces for your summer collections this year!
