ABOUT ME

Hey there! My name is Emily, I am an illustrator from Cambridgeshire, UK and I've been designing and producing illustrated home and paper goods since early this year.

I draw all of my illustrations digitally using Procreate and have my own product range of greetings cards and prints on my online shop.

INSPIRED BY...

My inspirations are the natural world whether that be by the sea or in the garden as well as happiness as I would love for my illustrations to bring positivity and energy to every person who sees them

THREE WORDS FOR MY ART STYLE

Vibrant – Joyful – Exciting
